CREOLE FESTIVAL 2026

OUR MOMENTS

INTRODUCTION

CELEBRATING OUR CULTURE, OUR IDENTITY, OUR PEOPLE

Festival Kreol is a living expression of the soul of Seychelles - reflected in our language, music, dance, cuisine, traditions, artistry and the distinctive way of life shaped by generations of Seychellois.

As we gather for the 41st Edition of Festival Kreol, we honour the richness of our Creole heritage and, above all, the people who have nurtured it, preserved its traditions and carried its spirit from one generation to the next. It is a time to recognise the stories, rhythms, customs and creativity that give our identity its unique voice.

This year carries an even deeper significance as Seychelles commemorates its 50th Anniversary of Independence. Our Golden Jubilee invites us to reflect on five decades of nationhood - the journey we have travelled, the challenges we have overcome, and the resilience, unity and sense of belonging that have shaped us as a people.

In this special year, Festival Kreol offers a meaningful reflection of who we are, where we come from and what we choose to carry forward. It is a bridge between generations, connecting the wisdom of our past with the creativity of our present and the aspirations of our future.

Let us honour the roots that ground us, cherish the culture that brings us together, and ensure that the spirit of our Creole heritage continues to inspire generations yet to come.

For our culture is our memory, our identity is our inheritance, and our people are the keepers of the story that carries Seychelles into the future.
